

Amendments to the Drawings:

The attached sheets of drawings include changes to Fig. 1 and Fig. 2 and replace the original sheets including Fig. 1 and Fig 2.

In Figure 1, previously unlabeled functional block 32 has now been labeled with the legend "ELECTROMAGNETIC SHIELD." Blocks 34L and 34R have each been labeled as "HAND RAIL." Due to the fact that the drawings had to be redrawn, some of the other reference numerals and lead lines have been repositioned such as reference numerals 11, 24 and 12R, but no substantive changes were made in that regard. These minor changes are not all reflected on the annotated drawings to avoid overly cluttering up the drawings.

In Figure 2, previously unlabeled functional block 132 has now been labeled with the legend "ELECTROMAGNETIC SHIELD." Blocks 134L and 134R have each been labeled as "HAND RAIL." Due to the fact that the drawings had to be redrawn, some of the other reference numerals and lead lines have been repositioned such as reference numerals 111, 124 and 112R, but no substantive changes were made in that regard. These minor changes are not all reflected on the annotated drawings to avoid overly cluttering up the drawings.

A full set of replacement sheets for Figs. 1 – 5 is attached. Applicant requests that the replacement sheets replace the drawings previously submitted as they are higher quality drawings that will make better reproductions.

Attachement: 4 Replacement sheets for Figs. 1 – 5.

2 Annotated sheets showing changes to Figs. 1 and 2.
